Ken,

Attached is our proposed DRAFT Sampling Plan for collecting dry weather samples of Outfall 010 and Pond D Toe Drain.

There is forecasted rain on Sunday, 1/10 which we will work around by collecting the first and second chronic toxicity test samples only on Tuesday, 1/12 and Wed., 1/13; and follow up with the remainder of the metals and toxicity samples on Friday, 1/15.

If you have suggested edits, it would be appreciated if they could be provided in tracked changes. Thanks.

Sincerely,
